

KIPI SC

Ref.: ZSYKIPISC

KNX-IP Interface with KNX Secure

The KNX certified product record may be consulted on the following page
<http://www.knx.org/knx-en/knx/knx-products/knx-certified-devices/index.php>

1. Enter the following search criteria:
 - *Product family: **Interface***
 - *Product type: **IP***
2. Select **Z** for *Company Name*.
3. Locate the Zennio product on the resulting list:

Company
Zennio

Product Name
KIPI SC

Order number
ZSYKIPISC

The screenshot shows the KNX Certified Products website. The top navigation bar includes links for Home, Events, Press, Contact, and KNX Online Shop. Below this is a green header with categories: KNX, Software, Training, Manufacturers, Community, Downloads, and a Search icon. A secondary menu lists Association, Technology, KNX Products, Application Areas, Benefits & Advantages, and Projects & Examples.

KNX Certified Products

One of the strengths of the KNX system... is that any product labeled with the KNX trademark is not a mere declaration of the manufacturer but is based on conformity testing carried out by KNX accredited third party test labs. During these tests, it is not only checked that the device supports the KNX protocol but that its safety level is tested according to the KNX standardized test suite. This results in devices of different manufacturers and different applications that can be combined to a working installation. Moreover, most of these devices can be handled by the ETS Software. Interested in the KNX Certification Process, please see the page [Certification of Products](#).

Search Engine KNX registered and certified devices

The underneath search engine allows you to search for KNX registered and certified devices according to product families and product types.

Select first the product family of interest (e.g., Illumination), after which you can select for the desired product type (e.g., dimmer); the search engine will now list you all KNX manufacturers with registered/certified KNX dimmers, as well as the order number of these devices.

Should you wish to order these devices, please get into contact with the relevant manufacturer; by providing the name of the manufacturer, the search engine will display the correct details.
